Sunset
THE MAGAZINE OF WESTERN LIVING

Sunset, a regional magazine for homeowners in the 13 Western states, is published each month in four editions. Because of the climate and other differences, many articles run in only one or two of the four editions.

Northwest edition is for readers in Alaska, Washington, Oregon, Idaho, Montana, and Wyoming.

Central West edition is for readers in northern and central California, northern Nevada, Utah, and Colorado.

Southern California and Hawaii edition is for readers in coastal southern California and Hawaii.

Desert edition is for readers in southeastern California, southern Nevada, Arizona, and New Mexico.

In the index listings, N denotes Northwest edition; C, Central West edition; S, Southern California and Hawaii edition; and D, Desert edition. The word "all" tells you that an article has appeared the same month and page in all four editions. For example, May 76 N, C means May, page 76, Northwest and Central West editions.
